Forward-Looking Statements

This website contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical facts, that address activities, events or developments that WRD expects, projects, believes or anticipates will or may occur in the future are forward-looking statements. Terminology such as “may,” “will,” “could,” “expect,” “plan,” “project,” “intend,” “anticipate,” “believe,” “estimate,” “predict,” “potential,” “pursue,” “target,” the negative of such terms or other comparable terminology often identify forward-looking statements. These statements are based on certain assumptions made by WRD based on its experience and perception of historical trends, current conditions, expected future developments and other factors it believes are appropriate in the circumstances. These statements are not guarantees of future performance and are subject to a number of risks, uncertainties and other factors, many of which are beyond the control of WRD, which may cause WRD’s actual results to differ materially from those implied or expressed by the forward-looking statements. Please read WRD’s filings with the Securities and Exchange Commission (“SEC”), including its most recent Annual Report on Form 10-K and subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, for a discussion of risks, uncertainties and other factors that could cause actual results to differ from those in such forward-looking statements. Unless legally required, WRD undertakes no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.

Other Cautionary Note

The SEC permits oil and gas companies, in their filings with the SEC, to disclose only proved, probable, and possible reserves that meet the SEC’s definitions for such terms. WRD may use certain terms on this website, such as “resources,” “resource potential,” “net risked resources,” “recoverable resources,” “gross resources,” “resource opportunity,” and similar terms, that the SEC’s guidelines strictly prohibit WRD from including in filings with the SEC. You should not assume that such terms are comparable to proved or probable reserves or represent estimates of future production from properties. Such terms do not take into account the certainty of resource recovery, which is contingent on exploration success, technical improvements in drilling access, commerciality and other factors, and are therefore not indicative of expected future resource recovery and should not be relied upon. Investors are urged to consider closely the disclosure in WRD’s most recently filed Registration Statement on Form S-1 and its other filings with the SEC. WRD’s filings with the SEC are available from WRD at <http://www.wildhorserd.com> or by writing to WRD at: 9805 Katy Freeway, Suite 400, Houston, Texas 77024. You may also obtain these filings from the SEC by calling 1-800-732-0330 or from the SEC’s website at www.sec.gov
